

Spirogyra and Oscillatoria Project

In Lab worth 100 points.

Research Spirogyra and Oscillatoria

- * 1. View Spirogyra and Oscillatoria under the microscope
- * 2. Go online and find information about Spirogyra and Oscillatoria.
- * 3. Log onto Google Drive and create a Google Presentation.
 - * Name your presentation: Spiro and Oscilla Assignment, your names, and Period #
 - * First slide: your names, date, and title and 1 picture of spirogyra and Oscillatoria
 - * Second slide answer these questions about both:
 - * What is it?
 - * How does it get energy?
 - * Where does it live – its habitat?
 - * What eats it?
- * 4. Share this document with your partner and with Mr. Hanson.
